To Whom It May Concern:

This document confirms that the following Union Corrugating colors are Energy Star certified. Certified colors are used on the following Union Products: Advantage-Lok, Advantage-Lok II, SL150 (formerly CSL), SL175, ML200, ML150, MasterRib, 5V, 2-1/2" Corrugated and PBR•R•IR Panel.

By upgrading your home with an Energy Star certified metal roof, you may be eligible for a \$500 tax credit. Energy Star certified metal roofing qualifies as an energy-efficient improvement. For more information, visit the government funded tax incentives assistance website at www.energytaxincentives.org.

Color	Paint Type	Initial Solar Reflectance	Solar Reflectance after 3 yrs.
